

## **Bartın University Quality Assurance Policy Document**

In line with the mission, vision, and core values of Bartın University;

- Defining and ensuring the sustainability of quality assurance and management, education, research, development, and societal contribution processes within the institution,
- Establishing, planning, implementing, monitoring, and taking necessary measures for the internal quality assurance system of education, research and development, societal contribution activities, and administrative services,
- Promoting and disseminating a culture of quality assurance throughout all units of the university,
- Ensuring the sustainability of quality and accreditation processes,
- Continuously improving the quality assurance mechanism,
- Ensuring continuous stakeholder participation in quality processes,

It adopts the "QUALITY ASSURANCE POLICY."
