Job Description: The task of this unit is to monitor graduates of the Nursing Department of Bartın University Faculty of Health Sciences and external stakeholders (nurses, managers/employers, healthy/sick individuals/academic nurses), to conduct necessary studies to obtain feedback from them, and to report the results to the relevant committee.

Duties, Powers, and Responsibilities:

- It communicates with alumni and external stakeholders (nurses, administrators, professional healthcare team members, healthy/sick individuals/nursing academics).
- It informs graduates about the Bartın University Alumni Information System and advises them on how to create a membership.
- This ensures that students whose graduation procedures have been initiated are registered in the alumni information system before receiving a temporary graduation certificate.
- It prepares and organizes external stakeholder and alumni surveys to gather external stakeholder opinions.
- To gather external stakeholder opinions, the organization conducts and reports on external stakeholder and alumni surveys every three years. The surveys are updated as needed.
- It tracks information about graduates' employment status and positions.
- It tracks information about graduates' participation in postgraduate programs, certificate/course programs, and other similar initiatives.
- The program gathers and analyzes the views of graduates in order to achieve its aims and outcomes.
- The program gathers feedback from external stakeholders (nurses, administrators, professional healthcare team members, healthy/sick individuals/nursing academics) on achieving its goals and outcomes.
- It analyzes the views of external stakeholders (nurses, administrators, professional healthcare team members, healthy/sick individuals/nursing academics) regarding the achievement of program goals and outcomes.
- It plans and organizes socio-cultural activities with graduates. It submits end-of-term reports on these activities and suggestions for improvement to the Measurement and Evaluation Committee.
