

FACULTY OF HEALTH SCIENCES FIRST AID COMMISSION

Chair	Asst. Prof. Dr. Sibel ALTINTAŞ
Member	Res. Asst. Dr. Emine GÜNEŞ ŞAN
Member	Lect. Dr. Eda KES
Member	Student Representative

Job Description: To raise awareness among the academic staff, administrative personnel, and students of Bartın University Faculty of Health Sciences regarding the right to attain and maintain health, which is one of the fundamental rights in individual and social life; to develop strategies for first aid practices in emergencies; to create projects; and to provide the initial intervention at the scene of an incident.

Duties, Authorities, and Responsibilities:

- Takes the necessary preventive measures, in light of scientific knowledge, against the possibility of emergencies that may threaten the health of employees and students at Bartın University Faculty of Health Sciences.
- Provides periodic training to employees and students at Bartın University Faculty of Health Sciences to raise awareness of basic first aid topics.
- Ensures that the necessary measures are taken to protect people and the environment against existing and potential risks in situations requiring first aid and emergency care, and carries out awareness-raising activities on this matter.
- Takes part in situations requiring first aid and emergency care and supports individuals in need.
- Performs first aid procedures at the scene of illness or accident and, when necessary, ensures that the patient or injured person is safely transferred to a healthcare institution.
- Ensures the management of emergency health services related to illness or accidents, including triage, emergency medical intervention, safe transport, communication, and record-keeping.
- Ensures that first aid cabinets are available in designated areas within the Faculty and that they are regularly maintained.
- At the end of each academic term, submits a report on all activities, work, and events of the Commission to the Dean's Office of the Faculty of Health Sciences.
