Job Description: To regulate the procedures for the equivalence of courses successfully completed in other national or international higher education programs to those in Bartın University programs, and for the student's integration into the university.

Duties, Powers, and Responsibilities:

- The department establishes and implements the application principles for all transitions.
- It regulates class placement and course exemptions for students transferring horizontally between institutions or within the same institution, or pursuing double majors.
- This regulation governs the class placement and course exemptions for students transferring horizontally through the Central Placement System (Annex Article 1).
- regulates the class placement and course exemptions for students who are admitted through the Vertical Transfer Exam (DGS) .
- They handle the procedures related to the Summer School and provide feedback to the Department Head.
- It handles the adaptation procedures for students participating in student exchange programs and those with special student status.
- It ensures coordination and cooperation among the relevant committees of other departments within the faculty.
- It determines the equivalents of courses in other higher education institutions within our department and converts the grades for those deemed suitable for equivalency.
- It reviews the files related to the adaptation of students who have transferred horizontally, vertically, etc., and presents the results to the relevant parties.
- For students admitted through amnesty, the Senate determines and implements adaptation criteria in accordance with its decisions, and submits the results to the relevant unit.
- He/she submitted his/her work, suggestions , requests and needs to the Dean's Office. He presents it in the form of a report.
- At the end of each term, the committee prepares a report on its activities and submits it to the Dean's Office.
