

FROM BARTIN UNIVERSITY RECTORATE

International students will be admitted to the departments listed below by the **Institute of Graduate Studies** of our university in the **2020-2021** Academic Year Spring **Semester**.

Candidates are required to fill in the online application form by clicking the **MENU, APPLICATION PROCEDURES AND INSTITUE APPLICATION** section from the web address <http://ubys.bartın.edu.tr/> between **22 february - 11 april 2021 (until 23.59 pm.)**. At this stage, no documents will be requested from the candidates.

Students, entitled to final registration, will be able to complete their registration process by uploading the documents, declared during application, from the Online Final Registration Screen, which will be announced later by the Institute. Candidates who make incomplete or incorrect statements during the application will not be registered. Candidates will be able to apply for at most two programs.

To whom it may concern.

<i>MASTER PROGRAMS (WITH THESIS)</i>	<i>QUOTA</i>	<i>SPECIAL REQUIREMENTS</i>
INTELLIGENT SYSTEMS ENGINEERING (Interdisciplinary)	6	Having a bachelor's degree in: Mechatronics Engineering, Computer Engineering, Industrial Engineering, Industrial and System Engineering, Electrical Electronics Engineering, Electronics and Communication Engineering, Electrical Engineering, Control Engineering, Control and Automation Engineering, Mechanical Engineering, Biomedical Engineering, Software Engineering, Information Systems Engineering, Computer and Informatics Systems Engineering, Digital Forensics Engineering, Computer and Software Engineering, Information Systems and Computer Technologies, Energy Systems Engineering, Medical Engineering, Logistics Management, Orthotics-Prosthetics and Management Information Systems.
ARCHEOLOGY	5	Having a bachelor's degree in: Archeology or Art History.
PHYSICAL TRAINING AND SPORTS	5	Having a bachelor's degree in: Coaching Education, Recreation, Sports Management, Physical Training and Sports Teaching.
INFORMATION AND LOGISTICS MANAGEMENT (Interdisciplinary)	7	Having a bachelor's degree in: Faculty of Economics and Administrative Sciences, Faculty of Business, International Trade, International Trade and Finance, International Trade and Logistics, International Trade and Business, International Finance, International Logistics, Management Engineering, Industrial Engineering, Computer Engineering, Statistics.
COMPUTER TECHNOLOGY AND INFORMATION SYSTEMS	8	Having a bachelor's degree.
ECONOMICS (REGIONAL DEVELOPMENT) (Interdisciplinary)	8	Having a bachelor's degree in: International Relations, Tourism and Hotel Management, Economics, Business Administration, Public Administration, Management Information Systems, Forest Engineering, Forest Industry, Landscape Architecture, Computer Engineering, Environmental Engineering, Electrical-Electronics Engineering, Agricultural Engineering, Rail Systems, Transportation Engineering.
EDUCATIONAL SCIENCES Life-Long Learning and Adult Education	5	Having a bachelor's degree.
CIVIL ENGINEERING	4	Having a bachelor's degree in Civil Engineering.

BUSINESS	6	Having bachelor's degree.
BUSINESS Accounting and Finance	3	Having bachelor's degree.
MECHANICAL ENGINEERING	9	Having bachelor's degree in: Mechanical Engineering, Electrical-Electronics Engineering, Manufacturing Engineering, Metallurgical and Materials Engineering, Energy Systems Engineering, Chemical Engineering, Industrial Engineering, Metal Education, Mechanical Education, Installation Teaching, Agricultural Machinery.
MATHEMATICS	3	Having a bachelor's degree in: Faculty of Science Mathematics, Faculty of Arts and Sciences Mathematics, Faculty of Science Mathematics- Computer, Faculty of Education Secondary Education Mathematics Education, Faculty of Science Statistics.
MATHEMATICS AND SCIENCE EDUCATION Department of Science Teacher Education	4	Having a bachelor's degree in: Science Teaching, Biology Teaching, Physics Teaching, Chemistry Teaching, Classroom Teaching, Biology, Physics, Chemistry.
METALLURGICAL AND MATERIALS ENGINEERING	10	Having a bachelor's degree in: Metallurgical and Materials Engineering, Metallurgical Engineering, Materials Science and Engineering, Materials Engineering, Mechanical Engineering, Aircraft Engineering, Aeronautical Engineering, Aerospace Engineering, Industrial Engineering, Aerospace Engineering, Naval Architecture and Marine Engineering, Biomedical Engineering, Medical Engineering, Rail Systems Engineering, Chemical Engineering, Physics Engineering, Mining Engineering, Faculty of Science Physics, Faculty of Science Chemistry, Technical Education Faculty Mechanical Education, Technical Education Faculty Metal Education.
FOREST INDUSTRIAL ENGINEERING	5	Having a bachelor's degree in: Forest Industrial Engineering, Forest Engineering, Industrial Engineering, Chemistry, Physics, Econometrics, Biology, Plant Protection, Furniture and Decoration Teaching, Civil Engineering, Wood Products Industrial Engineering, Materials Science and Engineering, Chemical Engineering, Chemistry Teaching, Business, Economics.
FOREST ENGINEERING	8	Having a bachelor's degree in: Faculty of Forestry, Faculty of Agriculture, Faculty of Engineering, Faculty of Engineering and Architecture, Faculty of Engineering-Architecture and Design, Faculty of Economics and Administrative Sciences, Faculty of Science, Faculty of Letters Geography, Faculty of Letters Archeology.
LANDSCAPE ARCHITECTURE	7	Having a bachelor's degree in: Landscape Architecture, Architecture, City and Regional Planning, Urban Design.
BASIC ISLAMIC SCIENCES	8	Having a bachelor's degree in: Faculty of Theology, Faculty of Islamic Sciences, Primary Education Religious Culture and Ethics Teaching.
TURKISH LANGUAGE EDUCATION AND SOCIAL SCIENCES Department of Social Sciences Education	4	Having a bachelor's degree in: Social Studies Education, Classroom Teaching.

<i>PhD PROGRAMS</i>	<i>QUOTA</i>	<i>SPECIAL REQUIREMENTS</i>
CIVIL ENGINEERING	2	Having a bachelor's degree in Civil Engineering and having a master degree (with thesis) in Civil Engineering.
BUSINESS	5	Having a master's degree with thesis.
MECHANICAL ENGINEERING	3	Having a bachelor's degree, or master's degree with thesis of any of the following departments: Mechanical Engineering, Electrical-Electronics Engineering, Manufacturing Engineering, Metallurgy and Materials Engineering, Energy Systems Engineering, Chemical Engineering, Industrial Engineering, Mechanical Education, Metal Education, Agricultural Machinery.
FOREST INDUSTRIAL ENGINEERING	1	Having a master's degree with thesis in: Forest Industrial Engineering, Wood Products Industrial Engineering, Forest Engineering, Industrial Engineering, Furniture and Decoration Teaching.
FOREST ENGINEERING	2	Having a master's degree with thesis in: Forest Engineering, Forest Industrial Engineering, Landscape Architecture.
LANDSCAPE ARCHITECTURE	1	Having a master's degree with thesis in: Landscape Architecture, Architecture, City and Regional Planning, Urban Design.

<i>MASTER PROGRAMS (WITHOUT THESIS)</i>	<i>QUOTA</i>	<i>SPECIAL REQUIREMENTS</i>
Educational Sciences ABD Life-Long Learning and Adult Education	3	Having a bachelor's degree.

A) Application Requirements for the Master's Program with Thesis

- To have a bachelor's degree.
- Turkish language requirement is not required for the application. Those having a Turkish proficiency certificate among the candidates who are entitled to final registration are registered; Candidates without a Turkish proficiency certificate are given a preparation period of two semesters at most. This period is not counted for the education period of the master's program. At the end of this period, students who do not meet the language requirement are dismissed from the University.
- Turkish language requirement is not required for international student candidates who can submit a document that they have completed their undergraduate studies at a university, in which the teaching language is Turkish.
- To fulfill the conditions specified in special conditions.

B) Application Requirements for the Doctoral (Ph.D.) Program

- To have a master's degree.
- Those who apply to the doctoral (Ph.D.) program with an undergraduate degree must have a minimum GPA (in Bachelor's Degree) of 3.00 out of 4.00.
- Turkish language requirement is not required for the application. Those having a Turkish proficiency certificate among the candidates who are entitled to final registration are registered; Candidates without a Turkish proficiency certificate are given a preparation period of two semesters at most.

This period is not counted for the education period of the master's program. At the end of this period, students who do not meet the language requirement are dismissed from the University.

- d. Turkish language requirement is not required for International Student candidates who can submit a document that they have completed their undergraduate or graduate studies at a university, in which the teaching language is Turkish.
- e. To have at least 55 points taken, apart from their native language, in the last 5 years from YDS, YÖKDİL, and other the international foreign language exams accepted as equivalent by Turkish Council for Higher Education (YÖK) in the acceptance of students to the doctorate program,
- f. To fulfill the conditions specified in special conditions.

C) Application Requirements for the Non-Thesis Master's Program

- a. To have a bachelor's degree.
- b. Turkish language requirement is not required for the application. Those having a Turkish proficiency certificate among the candidates who are entitled to final registration are registered; Candidates without a Turkish proficiency certificate are given a preparation period of two semesters at most. This period is not counted for the education period of the master's program. At the end of this period, students who do not meet the language requirement are dismissed from the University.
- c. Turkish language requirement is not required for international student candidates who can submit a document that they have completed their undergraduate studies at a university, in which the teaching language is Turkish.
- d. To fulfill the conditions specified in special conditions.

D) Online Application

- a. Online applications will be made between **22 february-11 april 2021** through the [application tab](#) at the institute's web page on ubys.bartın.edu.tr. **Applications will end on 11 april 2021 at 23:59.**
- b. Candidates can apply for two programs at most.
- c. During the application, the candidates must enter their information correctly and completely. The
- d. Declarations of the candidates will be considered as the basis and the final registration process of the candidates who make false or incomplete statements will not be made.
- e. The approval or rejection status of the applications can be checked on the application screen and e-mail addresses. Candidates are required to check their approval status during the application period and they need to update their application if there is an editable reason for the refusal.

E) Evaluation and Student Admission

- a) **In admission to Master's Education with Thesis;** It is accepted to master's programs with thesis within the quota according to the undergraduate GPA.
- b) **In admission to Doctoral (Ph.D.) Education;** Graduate with thesis is accepted to doctorate programs within the quota, by calculating 70% of the cumulative grade point average of graduate with thesis program and 30% of the foreign language score of YDS, YÖKDİL or other exam accepted as equivalent by Turkish Council for Higher Education (YÖK)
- c) **In Admission to Non-Thesis Master's Education;** Undergraduate GPA is accepted to non-thesis master's programs within the quota for the distance education.

G- Graduate Student Application and Admission Calendar

Application Process	22 february-11 april 2021
Evaluation of Applications	12-19 Nisan 2021
Announcement of Results	21 april 2021
Final Registration of Candidates Entitled to Registration and paiement	26 april-6 May 2021
Sending of the Letter of Invitation to International Students through E-mail after the Final Registration Process	26-27 May 2021

H- Documents to be Uploaded for Online Registration

- Undergraduate Graduation Certificate for Graduate for those applying to the Master's Program.
- Academic transcript records of Undergraduate Degree for those applying to Master's Program.
- Certificate of achievement certifying proficiency in Turkish from the exams organized by the institutions recognized by Turkish Council for Higher Education (YÖK)
- 1 passport photo (taken within the last six months),
- Certified Turkish translations of the documents.

NOTE:

- Undergraduate Graduation Certificate for those applying to the Master's Program, Undergraduate and Master's Graduation Certificate for those applying to the Doctorate Program
- Academic transcript records of Undergraduate Degree for those applying to Master's Program, Academic transcript records of Undergraduate and Master's Degree for those applying to Doctoral (Ph.D.) Program
- The scientific preparation program can be applied to the students who have received their undergraduate or graduate degrees in fields other than the graduate or doctorate program they were admitted to.
- While the results are announced, along with the main student candidate list, a reserve list with the same number of alternate student candidates are determined according to the quota opened for each program.
- YDS, YÖKDİL, and other international foreign language exam result, accepted as equivalent by Turkish Council for Higher Education (YÖK) (for Doctoral (Ph.D.) programs; results within the last 5 years are valid),
- Candidates are responsible for the information and documents which they entered the online application and online final registration application. Candidates who make a misrepresentation are deemed to have accepted all legal liability.
- If the application information is declared incorrectly and the application is made with an incomplete document, the final registration process of the student candidates will not be made.
