2nd International Conference on Contemporary Issues in Business & Economics (ICCIBE), Tokat-Turkey

October 4 - 6, 2019

The International Conference on Contemporary Issues in Business & Economics (ICCIBE) is one of the most reputable international business and economics events, organized by three leading universities from Turkey & Pakistan. Appealing to outstanding researchers across the globe, the conference offers a friendly, supportive environment for feedback, exchange of ideas, and to find inspiration. The conference aims to create a forum for people from different academic backgrounds to interact and present their research. Moreover, the conference generates the possibility for the publication of research papers in indexed and organized journals. The conference will provide a platform for debate on issues and challenges of the aforementioned fields; hence, supporting discussions on strategies that will accelerate worldwide growth and economic recovery alongside evolution of technology and scientific research.
