**SYMPOSIUM DATES**

The conference organized thirdly by Nevsehir Haci Bektas Veli University will be held three-days in Istanbul, Turkey during June 26-28, 2020.

The IMSMATEC 2020 aims at presenting current researches being carried out in the areas of Materials Engineering, Mechanical Engineering and Automotive Engineering for scientists, scholars, engineers and students from the universities, technologists, entrepreneurs and policy makers all around the World. Thus, the IMSMATEC 2020 provides opportunities for the delegates to exchange new ideas and application experiences face to face, to establish business or research relations and to find global partners for future collaboration. We hope that you can join us in the IMSMATEC 2020 with new insights.

### Mechanical

Biomechanics  
Design and Manufacturing  
Dynamics and Control  
Fluid Mechanics  
Micro-Nano Sciences  
Robotics and Mechatronics  
Solid Mechanics  
Automotive Technologies  
Sustainable Energy  
Thermal Sciences

### Metallurgy and Material

Forming & Machining  
Metallurgy and Material  
Heat Treatment  
Powder Metallurgy  
Composite Materials  
Nanomaterials and Nanotechnology  
Coating & Corrosion  
Energy  
Casting  
Welding and Cutting in Iron&Steel Industry  
Accreditation & Certification  
Advanced Ceramics  
Traditional Ceramics  
Materials Testing Machines  
Glass and Glass Ceramics  
Automation  
Marketing & Finance

### Automotive

Exhaust Emission Control  
Internal Combustion Engines  
Pneumatic Tires  
Railway Vehicles  
Vehicle Dynamics  
Engine Technologies  
Heat Transfer  
Vehicle Technology  
Engine Dynamics  
Fuels and Combustion  
Vehicle Air Conditioning Systems  
Automotive Electricity and Electronics  
Engine Design  
Vehicle Part Design  
Fuel Cells

### Chemistry

Analytical Chemistry  
Inorganic Chemistry  
Organic Chemistry  
Physics Chemistry  
Biochemistry

### Physics

Astrophysics  
Atomic and Molecular Physics  
Condensed Matter Physics  
High Energy Physics  
Laser, Optoelectronics and Terahertz Imaging and Spectroscopy  
Luminescence  
Nano Optics  
Nuclear Physics  
Plasma Physics  
Quantum Field Theory, Gravitation and Mathematical Physics  
Scanning Probe Microscopy & Graphene  
Solar Energy Research and Applications

### Mining

Mining and Construction Machinery  
Mineral Processing Machinery and Equipment  
Ore Enrichment Machinery and Equipment  
Mining Machinery Design and Control Systems  
Ore Preparation and Enrichment Machine Design  
Automation and Control Systems in Ore Preparation and Enrichment Facilities  
Performance Measurement and Evaluation in Mining Machinery  
Auxiliary Equipment and Materials  
Mining Machinery and Hardware Selection  
Excavation Mechanics  
Safety, Protective and Control Equipment  
The Contribution of Domestic Equipment Production to the Mining Sector and the Possibilities of Development  
Energy efficiency  
Technological developments  
Maintenance  
Competent Personnel Problem for Mining Machinery and Facilities
