Services

- **Individual Psychological Counseling:** A professional assistance process carried out to support individuals' social-emotional, academic and career development and to contribute to the solution of problems they experience in their interpersonal relationships. Sessions planned once a week last approximately 45-50 minutes. The total number of sessions that can be used is determined as 8-10.
- **Group Counseling:** A psychological counseling service conducted with a group consisting of a leader (psychological counselor) and 8-12 members. It aims to develop interpersonal relationships, focuses on the feelings, values and attitudes of the members and also strives to achieve the purpose of each member coming to the group. It enables individuals to realize their problems and produce solutions to these problems by receiving feedback in a supportive environment. They are held for an average of 6-10 weeks, one session per week, each planned to be approximately 1.5 hours.

► RIMER

- Better communication between the school administration, academic staff and the students
- For your demands, wishes, suggestions and complaints

ZERO WASTE POLICY

- "Zero Waste" is an approach to resource and waste management based on circularity.
- It promotes sustainable production and consumption habits and encourages the efficient use of resources.
- Zero waste entails avoiding wastefulness and advocating for the prevention, reduction, reuse, and recycling of waste.

"Sıfır Atık", israfın önlenmesini, kaynakların daha verimli kullanılmasını, oluşan atığın miktarının azaltılmasını, etkin toplama sisteminin kurulmasını, atıkların geri dönüştürülmesini kapsayan atık önleme yaklaşımı olarak tanımlanan bir hedeftir.

Atıkların geri dönüşüm ve geri kazanım süreci içinde değerlendirilmeden bertarafı hem maddesel hem de enerji olarak ciddi kaynak kayıpları yaşanmasına neden olmaktadır.
